WONDER,

IMPORTED

Last fall, in the ship Monticello, will stand, at my stable, the ensuing season, and be let to mares at Six Guineas each mare the season, and a Dollar to the groom—but may be discharged with five, provided they are paid by the first day of October next. As good pasturage as any in Virginia, (with seperate inclosures for mares and colts) gratis, and the greatest attention shall be paid them, but I will not be answerable for accidents or escapes.

PERFORMANCES.

In 1796, WONDER, then two years old, won the sweepstakes at York, of 50 guineas each, for two years old colts, eight stone, fillies seven stone twelve pounds, six subscribers, beating Lord A. Hamilton's brother to Rattoon, and Mr. Lowther's b. c. by Diomed, out of Tulip, twenty to one against the winner.

In 1797, when three years old, carrying eight stone seven pounds, at Doncaster, he beat Mr. Sitwell's Commodore, eight stone, the last half mile, for 100 guineas each.—The same day he received forfeit from Mr. Baker's g. c. Hap-Hazard, eight stone each, two hundred guineas each, two miles.

In 1798, he won the great produce stakes at York, of two hundred guineas each, five subscribers, four miles.

In 1799, he won the sweepstakes at Stamford, of ten guineas each, for all ages, beating Mr. Heathcote's Warter, eight subscribers, two miles. The same year he ran second, in a sweepstakes at York, for twenty guineas each, seven subscribers, two miles, beating Lord A. Hamilton's colt by Walnut, out of Nun, Sir Thomas Gascoigne's Maid of the Mill, and Abraham Newland, now called Cockfighter.

In 1800, for the York Oatlands, of 50 guineas each, he ran the second to Cockfigter, allowing him seven pounds, beating Mr. Cookson's Sir Harry, eleven subscribers, two miles. The same year, at Doncaster, he beat Sir George Armitage's Tartar, one hundred guineas each, four miles. The same year he challenged Mr. Johnston's Sir Harry, offering five pounds, five hundred guineas each, two miles.

WONDER was lamed in training in 1801, and has never since started. He was bred by Lord Fitzwilliam, is fifteen hands three inches high, nine years old last spring, full of bone, very handsome, and free from all natural blemishes: He is a dark chesnut, and is unquestionably as fine a horse as ever was imported to this country, and of as good a stock; and as a runner, he has certainly exhibited well, having beaten Warter, Cockfighter, and Sir Harry, three of the best horses on the English turf. It will be observed, that his dam was got by Diomed, and he is perhaps as nearly like his grand sire, as at is possible for one horse to be like another.

WONDER covered two seasons in England, the first at two and the last at five guineas, which strongly indicates his growing reputation as a foal getter.

PEDIGREE.

He was got by Phenomenon, out of the dam of Lord Fitzwilliam's Brown Fanny, by Diomed; grandam by Marske, Young Hag, Lalurnham's dam, by Skim, Old Hag, Hydra's dam, by Crab, Ebony, by Childers, out of Old Ebony, by Basto. Phenomenon was got by King Herod; his dam Frenzy, by Eclipse, her dam by Engineer, grandam by Blank, Lass of the Mill, by Traveller, Miss Makeless, by Young Greyhound, Partner, Woodcock, Croft's Bay Barb, Makeless, Brimmer, Dickey Peirson, son of Dodsworth, Burton Barb mare. Taken from the General Stud Book.

PERFORMANCE.

In 1800 (the only year he run) at Bridgnorth, June 18, 4 mile heats, at four years old, he won the maiden plate, beating Mr. Day's Raginier, by Precipitate, and Mr. Carr's Prospect.

The next day, at the same place, 4 mile heats, he came in first and first, but lost the race for the want of a few ounces in weight he last heat.

At New Castle, July 5, he won the members purse of 50l. 4 mile heats, beating Mr. Harrison's Trumpator, and distancing Sir T. Mostyn's Hedera.

At Nantwich, July 10, he won the town purse of 50l. beating Mr. Smith's Sultan, and distancing Sir T. Mostyn's Hedera.

He never was beaten 4 mile heats except at Bridgnorth, as above stated, where, although was given against him, it was evident he was much the best horse.

LAND FOR SALE.

I would sell the following tracts of land, to wit: 1st. A plantation known and called Hardwicke, lying on Appamattox river, and three miles from the town of Petersburg, in the county of Dinwiddie. There are between seven and eight hundred acres, the half of which is woodland. The houses are very indifferent, but there is a very handsome situation to build on, commanding a beautiful prospect, and contiguous to one and perhaps two good springs. This land is well adapted to the culture of corn, wheat and oats, and is well enclosed.

2d. About seven or eight hundred acres, lying in the county of Amelia, 20 miles from Petersburg, adjoining the lands of William B. Giles, Esq. Col. Vivian Brooking, and others. The whole is good land, and a very great proportion of it is excellent for tobacco.

Also, from eight to twelve hundred acres, lying in Dinwiddie county, about 26 miles from Petersburg, and two from Mr. Jordan Reese's store. Part of this tract is well adapted to the culture of tobacco, and the rest exeellent corn and wheat land. The whole well timbered and lies unusually well.

Nothing but the anxious desire I feel to pay every just demand against me, would induce me to part from those valuable tracts of land. For terms apply to Messrs. Thomas Colquhoun & Co. Mr. John M'Rae or to
THOMAS T. BOLLING.

The dissemination of literature in this country, from various causes, has not hitherto been equal to the wish and expectations of the public; but as an invitation is now given, to raise a fund for the laudable purpose of building an Academy, in a situation convenient to the southern and western parts of this country, it is presumed that the numerous inconveniences and expences incurred by parents, to educate their children, at remote seminaries, will induce them to contribute that aid and support, which a well informed community can afford to so useful an institution.

In a country like this, where a free government is in the 'full tide of successful experiment,' it is also the sacred duty of every individual, to contribute to the promotion of literature; as the loss of liberty in every country, may be always traced to a state of ignorance, and to that apathy, which is the result of a mind incapable of thinking or acting for itself.

INTELLIGENCE.....*DOMESTIC.*

PROSTRATION OF JUDICIAL DIGNITY.

SAVANNAH, April 28.

The citizens of Savannah were thrown into a serious state of agitation and alarm the past week, from the very reprehensible nature of some sentiments contained in a charge to the Grand Jury of this county, delivered on Monday last by Jabez Bowen, jun. esq. judge of the Superior Court, for the eastern district of this state; and which was increased by a knowledge of certain observations that had fallen from the judge antecedent and subsequent to the delivery of the charge, still more highly inflammatory.

"The blast she blew, resounded wide and far."
——— "mark'd with sanguine dies,
Loose to the gale, her robe funeral flies."

These lines must supply the place of a more animated picture of the consequences which in all countries, stalk in the train of civil discord; andw hich, the official responsibility of no one ever can be an excuse for exciting: venally specious too, must all pronounce those professions of humanity, the practice of which makes humanity herself bleed at every pore.

The inexpediency of more particularly animadverting upon the subject, induces us to proceed in the detail to our readers of the papers analogous to the business, and which of themselves will be found sufficiently explanatory. The Grand Jury continued to meet the Court until Wednesday morning, when they delivered to the judge the following presentment:

We the Grand Jury for the body of the County of Chatham, having taken into consideration the political stricture delivered to us yesterday, as a charge by his honor Judge Bowen, do upon our oaths present, that it is injudicial, insulting to our government, and repugnant to the general interest of our country, by disseminating principles that may tend to involve the community in the horrors of domestic insurrection.—We therefore, without violence to our consciences, and a total disregard of the dearest ties of society and its welfare, cannot further proceed with business.—And we are of opinion from the reasons above mentioned, that the said charge, should not receive publication; but recommend that a copy of the charge, and this our presentment, be forwarded by the clerk of the Superior Court to his excellency the Governor, and be laid before the next session of the legislature for their consideration.

William Smith, foreman; B. Gibbons, Wm. Blogg, Jas. M'Intosh, S. Shad, Wm. Lewden, Jas. Alger, Jas. Cline, John Gibbons, Isaac Minis, W. Brown, Sam. Simons, Jas. Belcher, J. Y. White, Jos. Rice, Joseph Machin, John Pettibone, Sampson Neyle, David Gugel, T. Barnard, jun. Henry Putnam.

Inflamed at this temperate yet dignified conduct of the Grand Jury, the judge instantly ordered the sheriff to take them gaol. They were proceeding, when there arose a partial cry of "*no, no—they shall not go*"—which was immediately silenced by the determined deportment of the Grand Jury. At this cry the judge pulled from his pockets a brace of pistols, impassionately exclaiming, "*Where is the damn'd rascal who dares say* NO?—*shew him to me and I'll blow his brains out!*" The Grand Jury however proceeded to gaol, accompained by most of the gentlemen of the bar, who rose in a body and left the Court House directly on their departure. This took place about 9 o'clock in the morning—the bar immediately had a meeting, and the following are the minutes of their proceedings on the occasion:

At a meeting of the attornies of the bar of Savannah, held at the Court House on Wednesday the 25th of April, 1804, at 11 A. M. Present, General Mitchell, Charles Harris, John Y. Noel, Thomas Gibbons, Joseph Welscher, James E. Houstoun, Richard Leake, Charles Baldwin, Morris Miller, Jeremiah Cuyler, John M. Berrien, George Allen, Alexander M. Allen, William B. Bulloch, John Lawson, Richard M. Stites, Pingal T. Flyming, Joseph Stoops, Thomas Nethercliff, James Townsend, and William Davies, Esqrs.

General Mitchell in the chair.

On motion, *unanimously Resolved*, That an entertainment be provided for the Grand Jury of this county, now confined in gaol, at 4 o'clock this day, at the expence of the bar, and that the attornies will dine with the jury. That Messrs. Lawson and Cuyler be a committee to carry the foregoing resolution into effect; and that Messrs. Bulloch and Berrien be a committee to wait on the Grand Jury, with a copy of the foregoing resolutions.

On motion, *Resolved unanimously*, That Messrs. Harris and Gibbons be a committee to wait on the printers, and request that the charge of Judge Bowen, delivered to the Grand Jury at the opening of the court, be not published.

On motion, *Resolved unanimously*, That General Mitchell, and Messrs. Noel and Berrien, be a committee to wait on the gentlemen of the Grand Jury, and advise with them, on the most constitutional and legal mode of procuring their discharge from prison.

On motion, *Resolved*, that it is the unanimous sense of the bar, that the charge delivered by Judge Bowen, at the commencement of the present term of the Superior Court of this county, does contain principles, in the highest degree injurious to the interests of the good people of this county, and tends to endanger their lives and properties, and subject them to the horrors of domestic insurrection. That the members of the bar, do in the most ample manner, approve of the conduct of the Grand Jury, as well in this expression of their sentiments on the charge of the judge, as in their determination to recede from further attendance of the court—That they view with the utmost abhorrence, the prostitution of judicial dignity in judge Bowen's drawing and presenting a pistol against a multitude of the citizens, and using the most profane and indecent language, while on the bench, and during the sitting of the court; & thereupon *unanimously resolve*, that they will not take their seats at the bar, during the present term, nor answer to their names when called; but will attend without the bar at all times, when the Grand Jury shall be brought up before the court for the purposes of affording such counsel and advice as their circumstances may require.

D. B. MITCHELL, Chairman.

Copy of the proceedings,

WM. DAVIES, Secretary.

A meeting of the citizens was also called, at 1 o'clock, P. M. who came to the following resolves:

At a meeting of the citizens of Savannah, publicly convened, and held at the Exchange, on the 25th day of April, 1804.

Joseph Clay, Esq. in the Chair.

Resolved unanimously, That the citizens of Savannah, do highly applaud the firm, dignified and patriotic conduct of the present Grand Jury of Chatham county, for which they have been committed to gaol by judge Bowen, the judge of the superior court, and that the thanks of the citizens be presented to them for their very proper demeanor on the occasion, and that a committee consisting of John Bolton, Edward Telfair, and Samuel Howard, Esqrs. be appointed for that purpose.

Resolved unanimously, That a committee be appointed to wait upon the several printers in this city, to request in the name of the citizens, that the charge of his honor judge Bowen, to the grand jury of Chatham county, should not be printed; and that Edward L. Davies and George D. Sweet, esqrs. be that committee.

Resolved unanimously, That the representatives of this county to the legislature, be requested and instructed to exert themselves to procure a legislative inquiry into the official conduct of the judge of the superior court for this circuit, in committing to gaol the grand jury of the county of Chatham, who are constitutionally bound to preserve the rights of the people, and who in a court of judicature are their lawful representatives, and also into the other official misconduct of the said judge.

Resolved unanimously, That a committee of seven be appointed for carrying into effect, the foregoing resolution, and that said committee be empowered to procure such testimony as may be necessary to substantiate the charges; and that genera. D. B. Mitchell, Charles Harris, William Davies, F. T. Flyming, John M. Berrien, Morris Miller, and Thomas F. Williams, esquires, be that committee.

Resolved unanimously, That a committee be appointed to confer with the committee of the bar, upon the most proper measures to be pursued for the discharge of the grand jury of Chatham county from their present confinement, and to use every lawful means to procure their enlargement; and that the hon. William Stephens, Joseph Clay, Matthew M'Allister, Robert Mackay, and Joseph Miller, esqrs. be that committee.

Resolved unanimously, That the citizens of Savannsh view with abhorrence the conduct of Judge Bowen this day, while on the bench of the superior court, and during the sitting of the same, in drawing and presenting a pistol against a number of the citizens of this place, and in using the most indecent and profane language, whereby the dignity of his office and the respectability of this government are prostituted.

Resolved Unanimously, That the proceedings of this meeting be signed by the Chairman and Secretary, and published in the Newspapers of this city, & that a copy be presented to the Foreman of the Grand Jury; also that Extra Sheets thereof be published this evening.

(Signed) JOSEPH CLAY, Chairman.

A true copy of the original proceeding,

SAMMEL HOWARD, Secretary.

Thus situated, and taking into view the heinously flagitious language of the judge, a warrant was issued against him for an "attempt to excite domestic insurrection"—and apprehended in the evening between nine and ten o'clock; but before he was taken to gaol, he attempted to make his escape, during which he flashed a loaded pistol at the Sheriff.

The next morning (Thursday) the Grand Jury, through their counsel, petitioned the Justices of the Inferior Court for a writ of Habeas Corpus, which was granted. The grounds upon which the Inferior Court acted, will be found detailed in the following document of their proceedings:

CHAMBERS, April 26, 1804.

Present the Hon. Edward Telfair, Edward Harden, and John G. Williamson, esqrs.

State of Georgia, vs. William Smith, &c. } Habeas Corpus.

In this case, Messrs. Mitchell, Noel, Miller, and Berrien, Attornies in behalf of the prisoners, aided by a committee appointed by the citizens of this county for that purpose, applied for the enlargement of the prisoners.

After argument. It appears that William Smith, Barack Gibbons, William Blogg, James M'Intosh, Richard Turner, Solomon Shad, William Lewded, James Alger, John Gibbons, Isaac Minis, William Brown, Saul Simons, James Belcher, John Y. White, Joseph Rice, Joseph Machin, John Pettibone, Sampson Neyle, Timothy Bernard, David Gugle, Henry Putnam, and Jonathan Cline, composing the Grand Inquest, for the body of the county of Chatham, were in the forenoon of yesterday committed to the common gaol of this county by judge Bowen, under and by virtue of a precept in these words.

"*To the Gaoler of the common Gaol of the County of Chatham:*

"*You are hereby required and commanded to keep safe in your custody, those members of the Grand Jury committed to your safe keeping this morning, by the Sheriff, in obedience to the order of the Judge of the Superior Court, until you receive from under my hand an order for their liberation.*

(Signed) JABEZ BOWEN, jun. (L. S.)"

Which said commitment appears to be vague, informal, and assigns no specific charge or reason, for the commitment; wants precision, naming no particular persons, and contains this unlawful restriction, that the goaler should keep them until he should receive from under the said judg's hand, an order for their liberation; and being without a date.

It further appears, that since the above commitment, judge Bowen has been confined and is in close custody in the common goal of this county, which has thereby suspended his judicial functions, created a virtual absence and legal disability of the judge of the superior court, as appears by the gaoler's certificate in the following words:

GEORGIA, Chatham County. } *To the Keeper of the Common Goal of said County.*

Receive the body of the hon. Jabez Bowen, jun. brought before me, on a warrant, charging him with an attempt to excite a domestic insurrection in this state, and him safely kept, until thence delivered by due course of law.

Given under my hand and seal, this 25th day of April, 1804.

(Signed) JOHN POOLER, J. P. (L. S.)

I do hereby certify that the above is a copy of a mittimus in my possession, under which I have the body of the person therein named, now in the common gaol of Chatham county.

J. P. OATES, Gaoler, C. C.

Savannah, 26th April, 1804.

And the 7th section of the Judiciary Act of 1799, given unto two or more of the justices of the Inferior Court, in the absence of the judge of the Superior Court, full power and authority to issue writs of Habeas Corpus, and in all cases to discharge, admit to bail, or remand to gaol, any prisoner, according to their discretion, and the law of the land—And the Sheriff of the county of Chatham having the said William Smith, and the other prisoners named in the Habeas Corpus before us as commanded, together with Judge Bowen's commitment, as the only cause of their caption and detention.

The court thereupon addressed them:

FELLOW CITIZENS,

It will be difficult to find a precedent to meet your case, at the same time, we feel no hesitation, in declaring your commitment, now before the court, illegal.

Because, that it strikes at the root of jurisprudence, and consequently puts a period to the present term; without you, the lives and the rights of your fellow citizens are in danger—it is the Grand Jury of inquest they look up to for protection, and without your body, the laws of our country cannot be executed. The patriotism, firmness and dignity with which you have conducted yourselves, together with the patience and fortitude you have displayed, will hand your names with applause to posposterity.

The arbitrary and illegal confinement under which you have laboured for twenty-four hours, is hereby declared to cease, and therefore you are discharged from your confinement. A true copy from the minutes.

JAMES BULLOCH, Clerk.

The Grand Jury have made the following address to their fellow citizens, thro' the medium of their Chairman :

SAVANNAH, April 26th, 1804.

To Joseph Clay, esq. chairman of the meeting of the citizens of Savannah, publicly convened at the Exchange, on the 25th day of April, 1804.

We the Subscribers, late members of the Grand Inquest for the body of the County of Chatham, are happy at finding that the conduct we, from duty to our country, and to ourselves, were constrained to adopt towards Jabez Bowen, jun. esq. Judge of the Eastern District, on the 25th inst. has been so generally approved by our fellow citizens.

The attention paid, the liberal vote, & offer for maintenance while in confinement, by our fellow citizens, are deeply impressed upon our feelings.

We present through you, Sir, our sincere thanks to them, for the lively interest exhibited towards us on the occasion.

William Smith, Barack Gibbons, William Blogg, James M'Intosh, Richard Turner, Solomon Shad, William Lewden, James Alger, Jonathan Cline, John Gibbons, Isaac Minis, William Brown, Saul Simons, James Belcher, John Y. White, Joseph Rice, Joseph Machin, John Pettibone, Samfson Neyle, David Gugle, T. Barnard, jun.

[An address similar to the proceeding as presented to general D. B. Mitchell, chairman of the bar-meeting.]

In closing our account of this occurrence, the pain in detailing which is only equalled by that excited in looking to what might have been its consequences, we are impelled to a few remarks touching the cause which thus exposed the state to danger. We perfectly recollect the observations attributed to gentlemen of the first legal talents at the time of Mr. Bowen's appointment, stating the impropriety of that appointment,—when in extenuation it was urged, that such was the paltry compensation attached to the office, that no gentleman of acknowledged juridical abilities would accept it —and *justice must not be impeded*—courts must be held—and that the best of those who would accept, must be selected ! ! The eyes of our legislators we hope will be opened to the danger that is leagued with such economy, and not again suffer a principle so rotten in practice to jeopardize the lives and best interests of our citizens.

WASHINGTON, May 9.

CITY OF WASHINGTON.

We this day present our readers with a Census of the Inhabitants of the City, taken by the direction of the City Council. By the result of this enumeration it is demonstrated that the city has progressed very rapidly within these few years. In the year 1800, when the General Census was taken, the inhabitants amounted to 3,210....In the year 1803, when the Census now stated was taken, the inhabitants amounted to 4,352....It is to be observed, that when the former Census was taken, the permanent population of the city was considerably increased by the number of workmen engaged on the Public Buildings but for a time, and who on their suspension removed. These, including their families, may fairly be estimated at 400.....Deducting 400 from the number given by the first census, there remains 2812, which, taken from the present population, leaves 1,540, which is equal to an increase of about 55 per cent. in a period of three years, and will double any given population in a period of five years.

In our next, we shall exhibit a statement of the professions of the inhabitants, taken from the Census.

The above statement marks an increase of numbers which more conclusively establishes the progressive improvement of the city than could be done in any other way. Few, if any, towns in the United States, have risen with such rapidity. When too it is considered, that this augmentation of numbers has arisen without trade, without the investiture of much capital in extensive manufactories, and without the aid of a fostering local government, it will shew that the place must possess great and peculiar advantages over other towns. If its rise, amidst circumstances so little propitious, has not been surpassed, what may we not expect from the rise of commercial adventure to which natural position holds forth inducements so powerful, from numerous manufactories, which might at the present moment be advantageously conducted, and from the important powers recently given to the local government of the city ?

THE INTELLIGENCER.

PETERSBURG:

TUESDAY, MAY 15TH, 1804.

The New-York Commercial Advertiser, of the 5th inst. contains the following article :—

IMPORTANT!

The brig Two Brothers, just arrived at quarantine, in 24 days from St. Jago de Cuba, spoke, on the 1st instant, the ship John, capt. Howard, 35 days from London, for Charleston, who positively assured him that the KING OF ENGLAND WAS DEAD.

[Of the degree of credit due to the foregoing report, it is impossible, under present circumstances, to judge with any certainty. The passage of the vessel from London, if correctly reported, would bring English accounts about *nine* days later than those we now possess.—In that period, it is certainly possible that an event of this kind might occur : for the king at our last accounts, though well advanced in convalescence, was not considered as entirely recovered. He had taken air and exercise, which may have occasioned a relapse of his disorder, and he may have become the sudden victim of some new attack. At all events our opinions must remain in suspense, until other information be received through a more direct and particular channel.]. *(Phil. Gaz.)*

Col. RICHARD BARNES, of St. Mary's county, Maryland, lately deceased, declares, in his will, all his negroes, amounting to between three and four hundred, free, three years after his death, provided they behave themselves well.

Letters from Malaga give the following account of the late subterranean shocks at that place :—

Jan. 16.—On the 13th inst. at 45 minutes past five in the morning, a violent earthquake was felt, accompained with a loud subterraneous noise and a violent motion ; its equal has not been experienced for many years, since we are assured it exceeded that of 1755, it lasted 90 seconds, and did much damage in the city, particularly in the churches.

The thermometer was at 67, that of Riaumur at 14 : the barometer at 30 1-16 inches ; the atmosphere dark and cloudy with the wind at North, variable, almost calm ; in this manner it was the whole day, with some rain in the morning and evening.

Jan. 23.—Since the earthquake of the 13th scarcely a day has passed without two, three or more shocks being felt up to this morning ; the 21st, at 57 minutes past five in the morning, there were six lesser and three greater shocks, which continued for 80 seconds ; their direction appeared to be from N. E. to S. W. The weather was such as has been seldom known at this season, sultry and calm, the barometer never lower than 30 1-4 inches ; at this it continues, with apprehensions of causing more misfortunes.

FROM THE NATIONAL INTELLIGENCER.

We owe the following interesting extract from Middleton's View of the Agriculture of Middlesex, (England) to a respectable correspondent. With him we hope it will operate as an inceptive to the intelligent cultivator in this country to prudent enterprize and experiment.

OBSERVATIONS ON GARDENS BETWEEN WESTMINSTER & CHELSEA.

Soon after Christmas when the weather is open, the gardeners begin by sowing the borders and then the quarters with radishes, spinnage, onions, and all the other seed crops. As soon afterwards as the season will permit, which is generally in February, the same ground is planted with cauliflowers from the frames as thick as if no other crop had then possession of the ground. The radishes, &c. are soon sent to market, and when the cauliflowers are so far advanced as to be earthed up, sugar-loaf cabbages are planted from the aforesaid seed crops. When these are marketed the stalks are taken up, the ground cleared and planted with endive and cellery from the aforesaid seed crops, and daily as these crops are sent to market the cellery is cropped for winter use. The gardeners agree in one maxim, to *dung plentifully, to dig the soil well, and to sow good seed.*

The following is the estimate :—

Radishes,	£ 10	
Cauliflowers,	60	often 70 and more.
Cabbages,	30	
Cellery first crop,	50	frequently more than 60.
Endive,	30	
Celery,	40	
Total annual produce per acre,	£. 220 sterl.	

"This estimate is stated as under the mark, some seasons occasion a considerable deduction, but as they do not often occur, 200*l.* per acre is a very low estimate. The expenses are—

Labor,	35
Teams and dung,	25
Rent taxes and tithes	12
Marketing,	8
Total,	80*l.*

"The farming gardeners or those who plough are situated at a distance from London, and occupy larger tracts of land —and follow this order of cropping.

"January and February early peas, gathered and sold green in June—the haulm when dry is carried from the ground and stacked for the fodder of horses on which they thrive. The cleared ground is sowed with turnips which are sowed in autumn, the ground is again ploughed and planted with collards..... There are about 8000 acres cultivated in this manner, producing 50 pounds per acre.

Gardens at Heat Houses, 200 acres at 200*l.*	-	40,000
Surry side of the Thames 500 acres at 150*l.*	- -	75,000
Round outskirts of London, 1300 acres at 100*l.*	——	130,000
Wholly cultivated by the spade 2000 acres at 120*l.* 10s.	- -	245,000
Farming gardeners, 8000 acres at 50*l.*	- -	400,000
Total Acres, 10000		645,000
To which sum add fruit gardens,		400,000
		1,045,000

Gardeners provide as well for their families on five acres of the best ground as the generality of farmers can on 150 or 200 acres. There are some gardeners in the commission of the peace—it has produced several sheriffs of counties and more who have realized from 20 to 50,000*l.*

NOTE.

Mr. RUBERRY of Little Sutton has upwards of eighty acres cropped with asparagus, which cost about one hundred pound per acre, making the labor afterwards fifty shillings per acre, except cutting and marketing ; it is very profitable on sandy land—in kindly growing seasons cutting twice in 24 hours—profit 50 pound per acre with very little expense.

From CHARLESTON, May 4.

The ships Boyne and Isabella, which arrived yesterday, do not, (as was expected) furnish intelligence of a later date than we had received before. The London dates by the Isabella are no later than the 10th March. By the Boyne we have received our regular files of Paris papers, to the 1st March, and Bourdeaux papers to the 6th. They do not contain any matter interesting, excepting some particulars relative to the conspiracy against the Government, and the arrest of Moreau and Pichegru.—The conspiracy was the general subject of conversation in France, the invasion spoken of and expected as before. No French fleet had left any of the French ports.

All the English residing in Bourdeaux had been put in a state of arrest, said to be in consequence of the plot discovered in Paris.

The Boyne left Verdun Roads, the 18th March, and had been embargoed for 26 days previous to that, on account of flotilla passing from different ports. The embargo was taken off the 15th of March.

We learn from Columbia, that Mr. MAXEY, formerly President of the College in Providence, (R. I.) and lately at the head of a Seminary of Learning in Georgia, is elected President of the South-Carolina College established at Columbia.

A Medicine extremely useful when Jaundicy and Billious complaints are so prevalent among the citizens of America and the West Indies. They are a useful and efficacious Medicine for curing Jaundicy and Billious Disorders, and removing that sinking, faint, distressed feeling at the stomach, difficulty of breathing, loss of appetite, and sleepy, dull heaviness in the fore part of the day, weakness and trembling of the limbs, dizziness of the head, and yellowness of countenance, complaints so common to Jaundicy and Billious people.

Likewise, Wheaten's

Patent Itch Ointment,

The only Medicine in the world which will certainly cure the Itch, without having in it any thing either dangerous or disagreeable; it being composed mostly of ingredients never before discovered or used in that disorder.

Also, Solomon's

Balm of Gilead.

This incomperable Balm of Gilead is at once the most elegant and efficacious medicine ever yet discovered; in weak and shattered constitutions, weakness of sight or memory, hypochondria, trembling, horrors of the mind, sexual debility, and all other diseases arising from a relaxed state of the nervous system, and often the consequence of intemperance, debauchery, inattention to the necessary cares of health, luxury, in sedentary, inactive, or studious life, this Cordial Balm has universally established its restorative efficacy, and may be justly enumerated among the foremost of those happy discoveries which medical research have procured as the blessings of the human race, and the greatest counteractive to human misery.

The Anti-Impetigines,

Is recommended to the afflicted with the Scurvy, King's Evil, Scrofula, Struma, Leprosy, Erysipelas, or St. Anthony's Fire, Gout, Rheumatism, Piles, Lues Venera, Yaws, and any disorder originating in Obstructed Perspiration, or impurity of blood.

The Anti Impetigines is an alterative and purifier of the blood, its operation is gradual, gentle, and almost imperceptible; it is the best substitute that has ever been discovered for that dangerous mineral Mercury; in every complaint wherein it has hitherto been administered it sweeten's the blood, and stimulates it to expel all noxious and impure juices, giving strength and tone to the nerves, enlivening and invigorating both body and mind. For Scorbutic, Cutaneous Eruptions, Dry or Wet Leprosy, the Anti-Impetigines certainly claims pre-eminence over all other medicines, being decidedly adapted for the speedy removal of these complaints, and will not only clear the skin, but heal all old sores and ulcers of ever so long standing.

The beautiful high-bred Horse,

Jack Andrews,

Imported last spring by Wm. Lightfoot, Esq. of Charles City, 15½ hands high, ten years old, a blood bay, finely formed, in high health, vigor, and spirit, will stand the ensuing season, at my stable, in Sussex county, 12 miles below the courthouse, and 25 from Petersburg, and will be let to mares at Six Guineas the season, which may be discharged by the payment of Twenty Dollars, if paid by the 10th of October; and one dollar to the groom. The season will commence immediately, and end the 10th of August. Extensive pasturage and servants found gratis, but no liability for involuntary escapes or accidents. THOMAS HUNT.

Sussex, March 12, 1804. eotf

This celebrated running horse proved both his speed and bottom in this country last fall, by three trials with the best horses in this state, although he had not recovered from the fatigues of his passage over the sea, and of course could not be put in order.

His performances in England have not been inferior to any horse there, except his brother Dick Andrews, who is considered now the best horse in that country, giving seven pounds. This fact is certified by Wm Lightfoot, who had it from the gentlemen of the turf at NewMarket, when he was there last fall.

Jack Andrews won twice in 1797, then Mr. Lord's property—See Racing Calendar for that year.

At Worcester, a maiden plate for three years old, carrying six stone, and at Stafford, October the 17th, the town purse of 50l. wt. for age; four mile heats, beating Mr Bettison's Little Pickle, four years old, Mr Barlow's Tenderick, 4 years old, Mr. Durham's Honest Tom, 6 years old, and Sir W. W. Wynn's bay horse True Blue, five years old.

In 1798, at Nantwich, Thursday, July 18, a sweepstakes of 50l. and on Wednesday the 15th August, at Derby, he won 50l. free for any horse, &c. beating Lilly of the Valley, Falconer, and True Blue, 6 years old.

In 1799 he won twice, to wit, at Ludlow, on Friday the 4th of July, four mile heats, for all ages, beating Lord Oxford's Dart, at Worcester, in Aug. the city and county subscription of 50l. four mile heats, beating Mr Astley's Duchess. After the first heat, four to one on her; but after the second, four to one on Jack Andrews.

In 1800 he won five times, to wit, at Lewes, then the property of Major Rookes, Aug. 12, beating Lord Sackville's c h. Laborie, 7 stone 12lbs. 4 mile heats, for 50 gs. At Oxford, the town plate of 50l. in August, beating Sir Francis Pool's Duchess of Limbo, 5 years old, and Lord Donegall's bay horse Wrangler, 6 years old. September at Warwick, he won the town plate of 50l. 4 mile heats, beating Mr. Thacene's bay horse Marquis, 5 years old, Mr. Brook's bay horse Cheshireman, 5 years old, and Mr. Edward's bay mare Duchess, 5 years old.

At Lambourne, in Sept. he won the 50l gift of Lord Craven, 4 mile heats, beating Sacrepant and Imp.

At Abington, Tuesday Sept. 16, the members purse of 50l. four mile heats, beating Miscreant, Expedition, and Cupid; six to four on Miscreant.

In 1801, Jack Andrews won four times, to wit, at the Burford course in June, he won the Bebury stakes, a handicap of 100 guineas each, 4 mile heats, then the property of Cholmondeley, beating Expectation, Cockfighter, Hippona, the Prince of Wales's Dick Andrews, Popinjay and Cox's Edwin—three to one on Expectation.

At Bedford, Thursday the 16th Sept. the Woburn stakes, 4 mile heats, was won by Jack Andrews, then the propirty of the Prince of Wales, beating Trimmer and Sky Rocket—and at Enfield, on Wednesday the 23d Sept. he won the 50l. purse, mile heats, then Mr. Smallman's property, aged, 9 st. 3 lbs. beating Ploughboy, aged, Velvet Horn, 5 years old, Little-Thought-Off 5 years old, Hephestion and Contester. See the Racing Calendars for these years.

PEDIGREE.—Jack Andrews, brother to Dick Andrews, was got by Joe Andrews, son of Eclipse, out of Amaranda, by Omnium; her dam Cloudy (sister to Rockit) by Blank Crab; Witherington's mare by Partner, Bloody Buttocks, Greyhound, Makeless, Brimmer, Place's White Turk, Dodsworth, Layton's Barb Mare.

DIOMED.

THIS extraordinary horse, in as high health and vigor as he has ever been, will stand the next season, at my stable, on James river, three miles below Richmond, at SIXTY DOLLARS the season, dischargeable by FIFTY, if paid before the tenth of August, when the season will expire. Excellent pasturage, securely enclosed, gratis.—Seperate enclosures will be provided for the mares, according to their situation, and grain furnished at the market price. Every attention shall be paid to the mares, but no liability for escapes or accidents of any kind.

DIOMED

Has unquestionably been one of the best racers on the English turf. At three years old he was winner seven times, without being beaten, although he contended with the best horses then running. Among his races of that year, he won a sweepstakes of 500 guineas each—He won the great Derby stakes at Epsom, which are the most important in the kingdom—giving to the winner more credit than any that are run in England. His winnings that year amounted to 5125 guineas.

At four years old he received forfeit from the brother of Mopsqueezer for 500 guineas. He won the Fortesque stakes, eleven subscribers of 30 guineas each. Over the Beacon course, he won the Claret stakes, of 200 guineas each; beating seven capital horses, and receiving forfeit from seven others. His winnings this year amounted to 2580 guineas. At five years old he fell lame and did not start. At six years old, carrying 168 pounds, at three heats, he won the king's plate at Guildford. He ran also for the king's plate at Lewes, which he would have won had he not fallen lame.—This year he also run for two other king's plates, and although inured, was the second horse for each—They were won by Anvil and Drone, at that time two of the best horses on the English turf. He never started after he was six, but kept as a stallion, and ranked among the best in England, as by reference to the Racing Calendar—the following certificate will be proven.

I hereby certify, the chesnut horse Diomed, purchased of me by Messrs. Lamb and Younger, won the Derby stakes at Epsom—the Claret stakes at New Market, and many other prizes, as may be seen in the Racing Callenders. He is the sire of Grey Diomed, Quistlavaca, Lais, (the dam of lord Clermont's Spoliator) Grey Hound, Monkey, Anthony, Glaucus, Wrangler, Cedar, Poplar, and many other good racers.

Grey Diomed, at three years old, was sold by me to Mr. Fox, for 700 guineas.—Mr. Fox afterwards sold him with his engagements, to the Duke of Bedford, for 2700 guineas. Several others of his get have been sold at large prices.

THO'S CHARLES BUNBURY.

In addition to the above statement, let his colts in Virginia, now three years old, prove his excellence and, unrivalled superiority over all the stallions in America.

Madeira—won the Wine stakes at Fairfield, in May last, two mile heats, beating Bucephalus, (now called Schedoni) and Mr. Hoomes's b. c. Dare-Devil.

Peace Maker—the sweepstakes of 140 guineas, at Mr. Varell's, and since purchased by Mr Hoomes.

Dimeda—the property of Mr. Cocke, the sweepstakes at Fairfield, in May, beating Mr. Randolph's Wiltonia, by Stirling, and Mr. Taylor's bay colt, by Gabriel—the rest paid forfeit.

Lavinia—the first day's sweepstakes at Petersburg, in May last.

Mr. Bland's chesnut colt, the second days sweepstake, of one hundred dollars each

Top Gallant—the Post sweepstakes, at Broad Rock in September, which entitled a colt to the greatest credit.

Lavinia—the sweepstakes at Fredericksburg, in October, the largest amount ever run for in America—twenty subscribers, 600 dollars each—nine started, the rest paid forfeit.

Top Gallant—the sweepstakes in Petersburg in October.

Mr. Drummond's filly, the sweepstakes at Scotland Neck, North Carolina—thirty subscribers.

Vingt-Un—the property of Col. Hampton, only three years old, the Gold Cup at Washington, four miles, beating Colonel Hoomes's Volunteer, by Bedford; Mr. Taylor's Skyscraper, by Alderman; and General Ridgley's Financier—and was immediately purchased by Mr. Lloyd, of Maryland, for 2750 dollars.

Exclusive of the above, many others of his colts have been winners during the last year.

PEDIGREE.

Diomed was got by Florizel, (one of the best sons of King Herod) his dam by Spectator, sister to Juno, (the dam of Dragon and Young Eclipse) his grandam (sister to Horatius, by Blank) his great grandam, Feather's dam, and full sister to the grandam of Cygnet and Blossom, by Childers, out of Miss Belvoir, by Grey Grantham, Pager, Turk, Betsey Percival, Leed's Arabian, &c.

WRANGLER,

Imported last summer was twelve months from England.

THIS HORSE

So justly celebrated for his beauty, size, blood, and performances, it is believed, is not surpassed by any horse ever imported into America.. He is a fine bay, and on 9 years old last spring, and will stand at my stable, in Mecklenburg county, nine miles from the courthouse, and five from Haskins and Mitchell's ferry, on the road to Petersburg, to cover mares at Seven Pounds the season, twenty shillings of which will be remitted, if paid by the twentieth day of November next—Forty Dollars to insure a mare, payable immediately, if the mare is parted with. The season will commence the tenth of March, and expire the tenth of August next.

Good and extensive pasturage, with seperate enclosures, gratis. No liability for escapes or accidents of any kind, but great care will be taken to prevent either. The groom will expect One Dollar with each mare.

BLOOD.

He was bred by Sir Thomas Charles Bunbury, and was got by old Diomed; his dam Sir Charles Sedley's famous mare Fleacatcher, by Gold-Finder; grandam by Squirrel; great grandam by Ball, brother to Blaze; great great grandam by Lath, out of a full sister to Snip—She was got by Childers, out of the old Basto mare, sister to Sorehacels. Let it be recollected, that Fleacatcher, the dam of WRANGLER, was decidedly the best mare of her day. She is the grandam of Col. Hoomes' Lady Bull.

PERFORMANCES.

WRANGLER, at three years old, won a sweepstakes at Alpiston, in Sussex, beating Mr. Durand's Johnny, Proserpine, Snake, and others. He won a match for 200 guineas a side, beating lord Egremont's Bugle; and he also won the town plate beating Rose, &c.

At four years old, WRANGLER won at New Market, second spring meeting, a sweepstakes of 800 guineas, beating Centinel, Deplorable, Fugitive, Pliston, and Cumberzepha; and at Brightelmstone, a sweepstakes of 900 guineas, beating Bugle and Jonquil, and was second to Magic for the Petworth stakes, beating Bennington, Johnny, Play or Pay, Montezuma, &c. He won at Bedford, four mile heats, free for all ages; he beat Reluctance, a match; and he won a plate at New Market, in the Houghton meeting, beating, Fidget, Bennington, Humbug, Oatlands, Hornpipe, &c.

At five years old, for the ladies plate at Lewes, he beat Magic, Gohanna, Worthy, brother to Waxey; he won a plate at Bedford, at four mile heats, winning the second and fourth heats; and won a plate at Egham; and he also won a sweepstakes at New Market, beating Lady Bull, Spoliator, Speculator, Philbert, &c.

At six years old, for the great Oatland stakes, he beat Telegraph, Antrim, Vandal, Hornby Lass, and Stamford. At New Market, first spring meeting, he won a plate, beating Paynator and Boaster; he also won a sweepstakes of 25 guineas each, giving six pound and the year to Paynator, beating at the same time Expedition and Boaster. In the month of August, 1800, he was purchased by Col. O'Kelly, who won two matches with him for 50 guineas each, beating Greyhound.

At seven years old, he beat Jack Andrews a match, 3 miles and an half, over New Market, for 100 guineas; he also beat Hornby Lass, across the Flat, for 50 guineas; he was next to Sir Harry, and beat the Prince of Wales's c. by King Fergus, and his c. by Mufti, Jack Chance and Paulo.

He had occasionally run restive; about this time that disposition encreased, and he could be obtained, and he was purchased to be imported to Virginia. He is in high health and vigor, not a blemish about him, and his limbs as clear as those of a colt;—but his best recommendation will be a view of him. M. ALEXANDER.

N. B. Prizes subject to a deduction of 15 per cent.

This lottery has been authorised by the legislature of Virginia, for the laudable purpose of erecting a seminary of learning in or near the metropolis of this state. With this view, it is contemplated to raise 20,000 dollars, and 2,500 dollars in addition, for defraying the expences attendant on drawing the lottery. Citizens of the first respectability have been selected as trustees, and they have pledged themselves to use their utmost exertions to carry it into effect. The scheme has the advantage of giving to each adventurer, a chance for some very large prizes, whilst the proportion of prizes to blanks, is so great, as to invite the friends of the intended institution to partake in the lottery, with very little risk of their becoming losers.—The treasurer of the state is to be appointed to receive the money for the tickets as they are sold, and to pay the amount of the prizes to the fortunate adventurers. It is believed that the above considerations will induce a rapid sale of tickets, and the drawing will commence as soon as a sufficient number shall be sold to authorise it—which it is believed will be on the second Monday in December next.
